VIRTUAL SECURITY & GRC LEADERSHIP SERVICES

vCISO | vISO | vISE | vGRCe

Executive-Grade Cybersecurity Leadership --- On Demand

305-828-1003
info@infosightinc.com

The Cost of Senior Cybersecurity Leadership Is Breaking Budgets — And Going Without It Is Breaking Companies.

Organizations face a relentless demand for senior cybersecurity leadership – yet the cost to hire, retain, and sustain that depth in-house rarely pencils out. InfoSight's **Virtual Securit &GRC Leadership** services **(VSGRC)** deliver certified, board-ready expertise on a fractional basis, embedded into your executive, IT, and operations teams with full accountability and measurable outcomes.

60-70%
Cost savings v. full-time hire

< 2 Weeks
Average deployment time to value

100%
Audit-ready documentation

Why VSGRC Outperforms Traditional Models

Cost
Eliminate six-figure salaries, benefits, and recurring overhead. Engage precisely the depth you need, when you need it.

Risk
Purpose-built controls, continuous monitoring, and audit-ready documentation reduce regulatory and operational exposure

Efficiency
No ramp-up delays. Proven frameworks deployed immediately against your most critical gaps and compliance obligations.
